

WORKPLACE STABILITY

Learn How to Achieve Workplace Stability for Entry-Level Employee Retention and Performance.

“Instability is another measure of diversity in the workforce. Low-wage workers can experience personal instability that leads to absenteeism, health problems, and violations of workplace expectations, all of which decreases morale, attention to work, and job performance.”

At this FREE Workshop You'll Learn to:

- Recognize the range of factors that create instability for employees
- See how instability, employee performance, and profitability are related
- Identify the most effective techniques and tactics for increasing workplace stability
- Create an action plan best suited to your business and its culture and employees

**Tuesday, November 28, 2017
7:30 -10:30 a.m. Workshop
Western Technical College**
